

***'SHIRLEY MCKIE V SCOTTISH CRIMINAL RECORDS OFFICE'***

**Statement by World Experts**

***'I know of not a single latent print examiner who has viewed the images of the "identifications" that concurs with the "opinions" offered by the SCRO "experts" in these infamous cases. Indeed, our colleagues who are recognized as some of the world's foremost authorities in friction ridge skin identification have gone on record and clearly exposed these shameful fabrications for what they really are. Moreover, there are many, many more of us who have conducted our own examination of the marks in question and we can only stand with our mouths agape at this most recent turn of events.'***
